

Connect to @Link with Android

(This user guide is applicable to Android 6.0 or above and suits Samsung devices the best; while other devices will have slight difference on the user interface or buttons.)

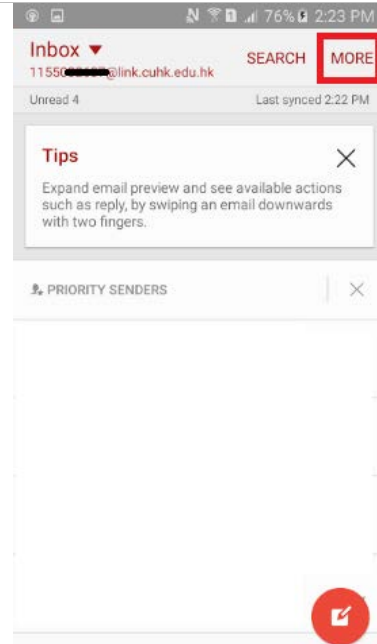

<p>1. Open the app Email.</p> <p>Then, input your CUHK Office 365 Account:</p> <ul style="list-style-type: none">• Login ID: Student-ID@link.cuhk.edu.hk• Password: OnePass Password <p>Tap Next.</p>	
---	---

<p>2. Choose Microsoft Exchange ActiveSync.</p>	 <p>The screenshot shows a mobile interface titled "Select account type". It features three buttons: "POP3 ACCOUNT", "IMAP ACCOUNT", and "MICROSOFT EXCHANGE ACTIVESYNC". The "MICROSOFT EXCHANGE ACTIVESYNC" button is highlighted with a red rectangular border. The status bar at the top shows 76% battery and 2:20 PM.</p>
<p>3. Click OK to Activate Email.</p>	 <p>The screenshot shows a mobile interface titled "Exchange server settings". An "Email address" field contains "11550[redacted]@link.cuhk.edu.hk". A dialog box titled "Activate Email" is displayed, containing a privacy notice and two buttons: "CANCEL" and "OK". The "OK" button is highlighted with a red rectangular border. Below the dialog box is a "CLIENT CERTIFICATE" button. At the bottom right, there is a "NEXT >" button. The status bar at the top shows 76% battery and 2:20 PM.</p>

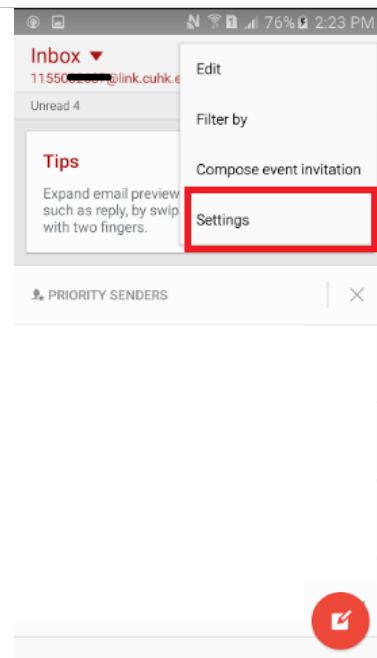

<p>4. Accept the Remote security administration.</p>	 <p>The screenshot shows the 'Exchange server settings' screen. At the top, there is a back arrow and the title 'Exchange server settings'. Below the title, the 'Email address' is '1155032637@link.cuhk.edu.hk' and the 'Domain\username' is '\1155032637@link.cuhk.edu.hk'. A white dialog box titled 'Remote security administration' is overlaid on the screen. The dialog box contains the text: 'Server outlook.office365.com must be able to remotely control some security features on your device. Continue?'. At the bottom of the dialog box, there are two buttons: 'CANCEL' and 'OK'. The 'OK' button is highlighted with a red rectangle. Below the dialog box, there is a checkbox for 'Use client certificate' which is unchecked, and a button labeled 'CLIENT CERTIFICATE'. At the bottom right of the settings screen, there is a 'NEXT >' button.</p>
<p>5. Click ACTIVATE.</p>	 <p>The screenshot shows the 'Device administrator' screen. At the top, there is a back arrow and the title 'Device administrator'. Below the title, there is an 'Email' section with an '@' icon. The text below the icon reads: 'Server outlook.office365.com must be able to remotely control some security features on your device.' Below this, there is a list of operations that will be performed when activating the administrator: 'Erase all data', 'Set password rules', 'Monitor screen-unlock attempts', 'Lock the screen', 'Set lock-screen password expiration', 'Set storage encryption', 'Disable cameras', and 'Disable functions on lock screen'. At the bottom of the screen, there are two buttons: 'CANCEL' and 'ACTIVATE'. The 'ACTIVATE' button is highlighted with a red rectangle.</p>

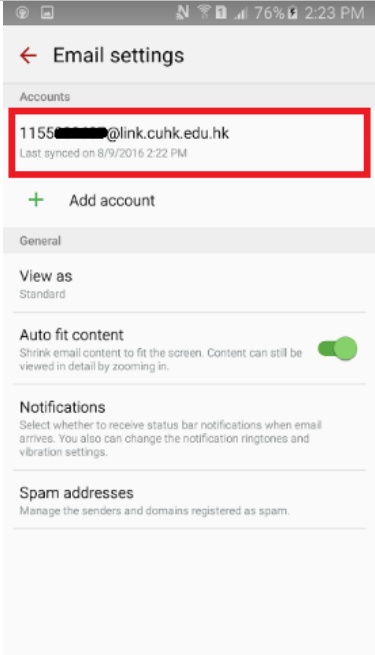

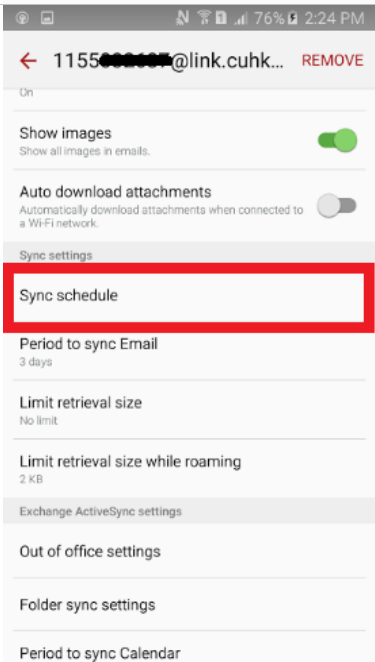

6. This will be the interface of your @Link mail box.

Click **More** for further settings.
