Getting Connected to CSL Wi-Fi Service - Windows Users

(This document describes how to connect to CSL Wi-Fi Service using a Windows computer. Before using this service, you should first sign up for your Wi-Fi Account.)

Table of Contents

A. Detect a CSL Hotspot Connection........................................................................................................1
B. Connect to the CSL Wi-Fi Service........................................................................................................3
C. Disconnect from the CSL Wi-Fi Service..............................................................................................5

A. Detect a CSL Hotspot Connection

1. Turn on the Wi-Fi function of your computer (please refer to your computer's user manual for more details)

   Click the Wi-Fi icon on the system tray
2. You should see the available wireless networks in the list.

   Click **Refresh network list** if you cannot find **CSL** in the list.

3. Choose **CSL** and then click **Connect**.
### B. Connect to the CSL Wi-Fi Service

1. Open your browser and visit any homepage e.g. http://www.cuhk.edu.hk.
   
   Your browser will automatically lead you to the login page below.

2. Click Roaming & Other users.

3. At "Please choose your user category" page,
   - Choose "The Chinese University of Hong Kong" from "University and Tertiary Institutes Users"

4. At the "login" page,
   - Login ID: `your_Computing_ID` (e.g. s0123456)
   - Make sure "cuhk.edu.hk" is selected in the select box.
   - Password: the password you have created for this programme
   - Click "Login"

5. After successful login, you may enjoy CSL Wi-Fi service for at most 4 hours.
   After 4 hours, you will be prompted to login again. Repeat Step 1 - 4.
6. While using the Wi-Fi service, please also observe the Best Practices For Accessing Public Wi-Fi Service advised by Office of Telecommunications Authority.

Note: You should not close this page while using the CSL Wi-Fi Service. Otherwise, you will be asked to login to the CSL Wi-Fi Service again.
C. Disconnect from the CSL Wi-Fi Service

1. Click **Disconnect** when you want to terminate your CSL Wi-Fi connection.
