A. Detect WiFi Signal of CUHK / CUHKa................................................................. 2
B. Connect to CUHK / CUHKa.................................................................................... 3
A. Detect WiFi Signal of CUHK / CUHKa

1. If you have a hardware WiFi switch on your device, make sure it is turned on.
   
   Click the **WiFi** icon on the taskbar.

2. Select **CUHK / CUHKa** from the available wireless networks and click **Connect**.

   *CUHKa* is recommended for faster speed and less interference. If this is your 1st time to use CUHKa, please follow the steps in [Part C here](#) to change your adapter setting.

3. While connecting, you will see the following screen. Be patient to wait for successful connection.
B. Connect to CUHK / CUHKa

1. Open a web browser and visit any webpage e.g. The HKSAR page at http://www.gov.hk.

Note: You can browse CUHK homepage (http://www.cuhk.edu.hk) without logging into CUHK / CUHKa.

2. You will be re-directed to Use Policies and Guidelines of CUHK Wi-Fi Service. Click Accept to continue.

3. At Login to CUHK Wi-Fi Service page, enter your Computing ID* and your OnePass (CWEM) password. Then, click Log In.

*Computing ID:
- s1155xxxxxx for students
- bxxxxxx for staff

4. A window showing Login successful will pop up.

And you may enjoy CUHK Wi-Fi service from now on.
